|                                    |  |   |  |
|------------------------------------|--|---|--|
| <b>OBJECTIVE</b>                   | To obtain an computer science internship, including distributed systems, full-stack web development, and artificial intelligence.  |   |  |
| <b>EDUCATION</b>                   | B.S., <i>Computer Science, Honors Program</i><br>Georgia Institute of Technology, <i>Atlanta, GA</i><br>Study Abroad, <i>Barcelona, Spain</i><br>Current GPA: 3.90   | Fall 2013 - Spring 2017<br>Summer 2014  |  |
| <b>WORK EXPERIENCE</b>             | BazaarVoice<br><i>Software Engineering Intern</i> <ul style="list-style-type: none"><li>Implemented a query engine that uses PrestoDB to query terabytes of data in the Parquet file format. This involved both transforming and analyzing data using Spark, Hive, and Hadoop using MapReduce.</li><li>Worked with large distributed database systems like Cassandra</li></ul>   | Austin, TX<br>Summer 2015               |  |
|                                    | Urjanet<br><i>Software Engineering Intern</i> <ul style="list-style-type: none"><li>Developed software to test automated data extraction from energy utility bills.</li></ul>  | Atlanta, GA<br>Spring 2015              |  |
|                                    | Space Systems Design Labs<br><i>Flight Software Lead</i> <ul style="list-style-type: none"><li>Manage a small team of undergraduates to develop and release the Flight Software for the PROX-1 CubeSat satellite mission.</li><li>Develop software in C that manages the collection of telemetry, ground communication, and flight operations.</li></ul>   | Georgia Tech<br>Spring 2014 - Current   |  |
|                                    | Institute for Computing Education<br><i>Student Assistant</i> <ul style="list-style-type: none"><li>Lead and assisted workshops on LEGO NXT, Alice, Scratch, and robotics for elementary through high school students.</li></ul>   | Georgia Tech<br>Spring 2013 - Fall 2014 |  |
| <b>ACTIVITIES &amp; LEADERSHIP</b> | Epic Intentions, <i>President</i> <ul style="list-style-type: none"><li>Lead a student organization that partners with non-profits in Atlanta to solve technical service-oriented design projects.</li></ul>   | Fall 2015                               |  |
|                                    | Epic Intentions, <i>Member</i> <ul style="list-style-type: none"><li>Worked with the non-profit Urban Perform to find a geographic relationship between food deserts and “fitness deserts” in Atlanta.</li></ul>   | Fall 2014 - Spring 2015                 |  |
|                                    | Library Advisory Board, <i>Member</i> <ul style="list-style-type: none"><li>Co-authored a white paper proposing how to recreate the experience of browsing through book stacks via a website platform, for when the library moves all books off-campus.</li></ul>  | Spring 2015 - Current                   |  |
| <b>RELEVANT PROJECTS</b>           | QueueUp: <a href="http://queueup.io">queueup.io</a> ( <i>Node.js, Android</i> ) <ul style="list-style-type: none"><li>A collaborative playlist streaming service. Anybody can create a playlist, use Spotify to stream from QueueUp, and invite friends to contribute in real time.</li></ul>  |   |  |
|                                    | Oahu: <a href="http://oahujs.com">oahujs.com</a> ( <i>Node.js</i> ) <ul style="list-style-type: none"><li>Distributed computing system that allows developers to solve problems using the idle time of web browsers</li><li>CalHacks Fall 2014: Top 10, Best Web Hack, and Best use of MongoDB</li></ul>   |   |  |
|                                    | Github: <a href="https://github.com/louiswilliams">github.com/louiswilliams</a>  |   |  |
| <b>SKILLS</b>                      | Languages: <i>Java, JavaScript, C, HTML5, CSS3, Ruby, PHP, MySQL</i><br>Platforms & Frameworks: <i>Node.js, Android, Linux, Ruby on Rails, jQuery, Spark, Hadoop</i><br><br>Relevant Coursework: <i>Machine Learning, Algorithms &amp; Design, Systems and Networks, Objects and Design, Data Structures &amp; Algorithms, Computer Organization &amp; Programming</i><br><br>Foreign Languages: <i>Spanish (intermediate)</i> |   |  |
